Subject: Consultation on the reform of Police Funding in England and Wales

Dear Mr Penning,

Further to your letter regarding the Consultation on the reform of Police Funding in England and Wales addressed to Police and Crime Commissioners and Chief Constables (Consultation end date of 30TH October, 2015), I attach for your attention a letter on behalf of Morecambe Town Council setting out its concerns at the proposals within the Consultation paper and the effects these would have on Community Safety if implemented.

The Town Council works very closely with Lancashire Constabulary and would support all comments made by the Chief Constable of Lancashire and the Lancashire Police and Crime Commissioner with regard to the effects of the proposals.

The Town Council trusts that you will review your proposals in the interests of safety of all citizens within Lancashire.

Kind regards

David Croxall
